(c) Notwithstanding subdivision (b), the Legislature may amend this section by a two-thirds vote to change the dates and times of the daylight saving time period, consistent with federal law, and, if federal law authorizes the state to provide for the year-round application of daylight saving time, the Legislature may amend this section by a two-thirds vote to provide for that application.

The bill would also authorize the Legislature to amend these provisions by a majority vote to provide for the application of year-round daylight saving time when authorized by federal law.

The California Constitution authorizes the Legislature to amend or repeal an initiative statute by another statute that becomes effective when approved by the electors.

This bill would provide that it would become effective only upon approval of the voters. It would also provide for submission of this measure to the voters for approval at the next statewide general election.
